The Living Room
of the
Country House

has given us a wide range in the production of furniture built for a sense of comfort and serviceability.

These pieces are made from designs of early Morris furniture, where strength of construction is its chief virtue. The settle with its soft cushions, the long Table, the deep-seated Chair, and book Cabinets made of oak and finished in reddish green or in the natural fumed color.

JEROME RAN FOUL OF JURYMEN

WHO REFUSED TO CONVICT IN AN EMBROIDERED CASE.

I state the Law as Much as You Do, He says, but it's Your Business as Well as Mine to Punish Violations. They Won't, and He Aims to Have Them Engraved.

District Attorney Jerome pooled for only all the cases pending in the General Sessions and put them on the calendar of Judge Foster's court. Then he would instruct the jury to convict and the cases would be closed.

One man pleaded guilty at his suggestion and was fined \$25. Two cases were dismissed by his recommendation and he tried four.

Each trial resulted in an acquittal and Mr. Jerome moved for the discharge of the jurors in one case from the panel and said they were either ignorant or false in their verdict.

Former Assistant District Attorney Walsh objected to the proposition and Judge Foster took it under advisement.

Then Mr. Jerome said that if the Court didn't remove the twelve he would instruct the jury to convict and the cases would be closed.

Mr. Jerome said the jury that the twelve were not impartial and that the twelve were not impartial and that the twelve were not impartial.
